## The *Journal* of The Air & Waste Management Association

### Volume 59

In print since 1951, the *Journal* is the Association's flagship publication, offering original, peer-reviewed research on a range of environmental topics. In addition to technical manuscripts and time sensitive notebook papers, the *Journal* periodically presents authoritative specialty issues that take a comprehensive look at subjects of interest to the environmental industry. The *Journal's* Technical Editor-in-Chief is Dr. Tim Keener of the University of Cincinnati, and the Co-Editor is George Hidy of Envair/Aerochem.

## *EM*, A&WMA's Magazine for Environmental Managers

Written by leaders in the field, *EM* explores the issues that affect the environmental industry with timely, provocative articles and regular columns covering regulatory changes, new technologies, market analyses, and management strategies – if it's important to environmental managers, it's in this publication. *EM* also keeps readers abreast of important developments throughout the year with coverage of new products and technologies, environmental commerce, environmental health and safety issues, professional development opportunities, and more.

## Online Library

Now with *Journal* articles back to 1951!

A&WMA's Online Library has thousands of *EM* and conference proceedings articles, and now has all *Journal* articles dating back to 1951 available for immediate download.

Please note: Only A&WMA members and subscribers to the Special Library Package have access to all materials in the Online Library (all other subscribers to the online *Journal* receive access back to 1997).

# Air & Waste Management Association 2009 Subscription Order Form

**Terms**

Subscriptions are for 12 consecutive months, paid in advance. Orders may start in any month during the year. Payment will be accepted in U.S. dollars only, payable to the "Air & Waste Management Association" and must be submitted by check or credit card. If an issue is not available for an order placed late in the year, we will extend the order for one month per issue not available. Subscription orders submitted with insufficient payment will be withheld pending payment of balance due to the Publisher.

**Online Subscribers**

By subscribing to the online *Journal* and *EM*, you agree to the terms and conditions posted on the Air & Waste Management Association website at <http://www.awma.org>. Access for online orders are limited to users at the site listed on the order. Any deviance is considered a violation of said terms and conditions.

**Claims and Cancellations**

Request for cancellations, refunds, or claims will be accepted by mail, e-mail, or fax only. Customers may inquire about an order status by other means, but action on the request will only take place upon receipt of a written requisition. To receive a full refund on a new subscription order, requests must be received within 30 days of payment. Partial refunds will not be given at any time. Claims for missing or damaged issues must be received in *writing* within three (3) months of the publication issue date. International customers must file claims within six (6) months of the publication issue date. Send claims by e-mail to [info@awma.org](mailto:info@awma.org), by fax to 412-232-3450, or by mail to the address below. Each claim must include the ship-to address and reference number. No more than three (3) successive claims will be honored per subscription address; after 3 successive claims, the subscriber will be charged a \$35 back issue fee.

**Contacting A&WMA**

***Terms and Conditions for Online Subscribers to A&WMA's  
Online Publications***

***The Journal of the Air & Waste Management Association***

***EM magazine***

***The A&WMA Online Library***

\* Much of the wording below has been reprinted with kind permission from the *Journal of American Animal Hospital Associations* (www.jaaha.org).

The following terms and conditions provide Online Subscribers with a set of simple, fair rules governing rights and limitations for Internet access of the *Journal of the Air & Waste Management Association*, *EM* magazine, and the A&WMA Online Library (collectively called Online Publications) by Authorized Users. These guidelines supersede any prior understanding between the Publisher (the Air & Waste Management Association, or A&WMA) and the Online Subscriber regarding user access to Online Publications.

Access to Online Publications is granted for all Authorized Users on the following conditions:

Publisher's acceptance of the Online Subscriber's completed order; and  
Receipt of the required subscription fee.

In consideration of the payment of the appropriate subscription fee, the Online Subscriber and the Publisher agree to adhere to the following guidelines:

1. The Online Subscriber will undertake all necessary authentication and verification processes to ensure that only Authorized Users can access A&WMA's Online Publications. "Authorized Users" are authenticated, authorized, current full- and part-time students, employees (including faculty, staff, affiliated researchers, and independent contractors), and other individuals who have permission to use the public computers on an Online Subscriber's geographically constrained site. For the purposes of online subscriptions, the following categories of Authorized Users are considered:
  - a. **Institutions of Higher Learning:** Within this category, online access is provided to an unlimited number of IP addresses under one institutional (e.g., university, college) subscription. This applies to all off-site campuses and satellites, both within the institution's state/province/country and abroad.
  - b. **Government Agencies:** Within this category, separate branches of the parent agency (e.g., U.S. Environmental Protection Agency, Environment Canada) are considered independent of the parent organization and each other, and must purchase their own subscriptions to gain access to A&WMA's Online Publications.
  - c. **Corporate and For-Profit Libraries:** Similar to government agencies, "main" corporate and for-profit libraries are considered independent of any branches or satellite offices, which are required to purchase their own subscriptions.
2. **SUBSCRIPTION ACCESS:** An online subscription permits simultaneous Internet access to complete Online Publications content by Authorized Users for the entire subscription term. The following access restrictions and conditions apply to all online subscriptions:

- a. Only workstations with IP addresses registered with the subscription may access subscription content. It is the responsibility of the subscribing institution to provide the Publisher with current and complete IP address ranges.
  - b. The Publisher provides access to Online Publications only for the term of this subscription and does not undertake to ensure future access to the online archives once the subscription term has expired. The Publisher intends to retain full-text versions of all articles for all past issues posted online and to continue to make this database available to all currently active subscribers. However, because Publisher cannot be certain of future technology, storage, or maintenance costs, this access cannot be guaranteed. The Publisher reserves the right to remove all or portions of the archive of past issues. Only current subscribers may access materials under access control.
  - c. Access by a closed internal proxy server is allowed; **access by open proxy server is not allowed**. Authorized Users may access Online Publications via an authenticated proxy server in transparent access mode.
  - d. Secure proxy access from off-site locations is allowed for persons with a current, authenticated affiliation to the subscribing Institution. This includes full- and part-time students and employees (including faculty, staff, affiliated researchers and independent contractors). It does NOT include individuals who simply have permission to use the public computers on the subscribing institution's campus.
3. The Publisher maintains Online Publications as a service to its members, the scientific/technical community, and the general public. The Publisher holds the copyright for all works published in the *Journal of the Air & Waste Management Association*, unless otherwise expressly noted. Copyrights for works published in *EM* magazine and A&WMA conference proceedings are retained by the authors.
4. All use of content in Online Publications is subject to applicable copyright law, and reproduction is allowed only as follows:
- a. Downloading: Downloading, printing, or saving of content for personal, non-commercial use is permissible. Systematic downloading is forbidden.
  - b. Commercial Redistribution: No commercial use (e.g., downloading, posting of a file, or printing to resell or distribute) of any articles is permitted without prior, express written permission obtained from the Publisher and/or the authors.
  - c. Interlibrary Loan: Because of the easily reproducible nature of electronic publications, interlibrary loan of articles or components in any electronic or digital form is expressly prohibited. Online Subscribers may fulfill interlibrary loan requests from other institutions via fax or paper document delivery under CONTU guidelines (National Commission on New Technological Uses of Copyright Works, [www.cni.org/docs/info.policies/CONTU.html](http://www.cni.org/docs/info.policies/CONTU.html)), provided the printing is done locally and at the Online Subscriber's expense, and provided that only a limited number of copies of such articles will be made and distributed in this way.
  - d. Braille Transcription: The Online Subscriber may transcribe any portion of the *Journal of the Air & Waste Management Association* into Braille script or enlarged type for Authorized Users who are visually impaired. This can also be performed for other content in Online Subscriptions after permission from the author(s) is obtained.
  - e. Course Packs: All *Journal of the Air & Waste Management Association* articles used in course packs must be reprinted with the permission of the Copyright Clearance Center and should be included according to conventions applicable in the local

country. All other materials in Online Publications must receive permission from Publisher and/or author(s) before use in course packs.

5. Online Subscriber agrees to the following:
  - a. The Online Subscriber is responsible for creating and maintaining reasonable security measures and posting policies consistent with the rights and restrictions described in these guidelines to ensure that only Authorized Users can access Online Publications. The Online Subscriber is prohibited from making agreements for access to Online Publications with individuals, organizations, vendors, affiliates, or partners, which are not parts of the same institution purchasing this subscription. The Online Subscriber affirms that all IP addresses in the range listed for authorization are specifically controlled by the institution for workstations under its administrative control and for the use of individuals who meet the Authorized User definition above. The Online Subscriber is responsible for maintaining the list of IP addresses of all Authorized Users.
  - b. If the Online Subscriber becomes aware of unauthorized access to Online Publications, it will notify the Publisher immediately and cooperate in locating and attempting to stop the specific individuals who are abusing the service. If the specific abuser(s) cannot be identified or stopped, the Publisher has the right to withhold, suspend, or terminate access to all or any portion of Online Publications, without liability.
  - c. The Online Subscriber agrees not to remove, cover, overlay, obscure, block, or change any copyright notices, legends, or terms of use which the Publisher may post on the site in order to inform users about system features, terms of use, or copyright notices.
6. **TECHNICAL ACCESS:** The Publisher intends for the site to be available 24 hours per day, 7 days per week. However, the Publisher **WILL NOT BE LIABLE FOR DAMAGES OR REFUNDS SHOULD THE SITE BECOME UNAVAILABLE TEMPORARILY OR ACCESS TO THE SITE BECOMES SLOW OR INCOMPLETE** due to system back-up procedures, Internet traffic volume, upgrades, overload of requests to the servers, general network failures or delays, or any other cause which may from time to time make the site inaccessible for the Online Subscriber's users.
7. **WARRANTY:** While the Publisher seeks to ensure the accuracy of content posted online, the Publisher **DOES NOT WARRANT OR GUARANTEE ITS ACCURACY, COMPLETENESS, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE. IN NO CASE SHALL THE PUBLISHER'S LIABILITY FOR ANY CONTENT OR ACCESSIBILITY PROBLEMS WITH THE SITE EXCEED THE AMOUNT OF SUBSCRIPTION FEES PAID FOR ONLINE PUBLICATIONS DURING THE 6-MONTH PERIOD PRECEDING ANY CLAIM OR NOTICE OF DAMAGES.**
